DATA AVAILABILITY

While this online portal presents a wide spectrum of information in more than 100 tables, it contains only a fraction of the data available from FARS, NASS GES, and CRSS. Additional data from FARS (1975 to 2024), NASS GES (1988 to 2015), and CRSS (2016 to 2024) is available in several ways, including the following:

- FARS data can also be accessed at www-fars.nhtsa.dot.gov/Main/index.aspx. This website provides instant access to the 1994 to 2024 FARS data via reports, which is an inventory of the fatality statistical reports found in this annual report portal. These are national reports for current and past years that may be customized by selection of State, and for State reports, county tabulation may be selected.
- Data visualization tools for Traffic Safety fact sheets can be found at https://cdan.dot.gov/DataVisualization/DataVisualization.htm.
- FARS and GES/CRSS data can be queried using the new Fatality and Injury Reporting System Tool (FIRST) at cdan.dot.gov/query.
- NHTSA's new Leading Causes of Death application, which allows a user to generate annual reports that rank all deaths in the United States by the underlying cause of death, sex, race, and age can be found at https://cdan.dot.gov/LeadingCauses/LeadingCauses.htm.
- FARS, NASS GES, and CRSS data can be obtained by downloading published files from https://www.nhtsa.gov/file-downloads?p=nhtsa/downloads/FARS/ (FARS), https://www.nhtsa.gov/file-downloads?p=nhtsa/downloads/GES/ (NASS GES), or https://www.nhtsa.gov/file-downloads?p=nhtsa/downloads/CRSS/ (CRSS). The files are available in Statistical Analysis System (SAS) or comma-separated values (CSV) file formats.
- Modest requests for specific data will be answered by NCSA at no charge. Response usually requires about two weeks, depending on the nature and complexity of the data requested.

Requests for more information from FARS, NASS GES, or CRSS should be directed to:

Additional information on all NHTSA's data files, including FARS, NASS GES, and CRSS can be found on the NCSA website: www.nhtsa.gov/data. Fact sheets, recent NCSA research notes, and abstracts of technical reports can be downloaded in PDF format. Comments and suggestions about the NCSA website can be e-mailed to NCSARequests@dot.gov.
